

ZIM INTEGRATED SHIPPING SERVICES LTD.

February 22, 2006

Dear Senator Clinton,

We are the owner of the largest Israeli shipping line in the world, Zim. In light of the concerns and misinformation about DP World in the US media, we wanted to put on record our support for the company.

For the past many years we have been pleased to have DP World as our business partner, supporting our operations by providing services at key marine terminals around the world, including in the UAE.

As an Israeli company, security is of the utmost importance to us and we require rigorous security measures from terminal operators in every country in which we operate, but especially in Arab countries, and we are very comfortable calling at DP World's Dubai ports. During our long association with DP World, we have not experienced a single security issue in these ports or in any of the terminals operated by DP World and have received exemplary service that enhances our efficiency and the smooth running of our operations.

DP World has been an industry leader with regard to security and works closely with us on an on-going basis to maintain the highest security standards in all its terminals around the world.

We are proud to be associated with DP World and look forward to working with them into the future.

Yours Truly,

Idan Ofer
