Conducted by the
University of New Hampshire
Survey Center

Interviews with 672 likely New Hampshire primary voters in New Hampshire conducted by telephone on January 4-5, 2008. The margin of sampling error for results based on the total sample is plus or minus 4 percentage points.

A total of 313 who say they plan to vote in the Republican presidential primary and 359 who say they plan to vote in the Democratic presidential primary were interviewed. The margin of sampling error is plus or minus 5 percentage points for both groups.
1. As you know, the New Hampshire presidential primary election is being held next Tuesday. How interested would you say you are in the primary election -- extremely interested, very interested, somewhat interested, or not very interested?
